20TH DECEMBER – 2ND JANUARY 2019
Christmas Holidays

THURSDAY 3RD JANUARY 2019
First day back at school.

TUESDAY 15TH JANUARY 2019
WINCHESTER SCIENCE MUSEUM TRIP - OSPREYS

WEDNESDAY 16TH JANUARY
LONDON SCIENCE MUSEUM TRIP – 9JGR

Can you help?

KS2 are looking for second hand bikes and scooters for pupils to use in their movement breaks, OT and functional skills. Can you help? Do you have a second hand child's bike or scooter in the garage that you could donate to the school? Could you ask around family and friends? All items need to be in reasonable condition but we are willing to do a small amount of maintenance on them. Please email charlottesling@yahoo.uk or find me on WhatsApp 07734 348062 and FOSD will co-ordinate with Miss Jones. We may be able to arrange collection (within a reasonable distance) if getting to them to the school is tricky.

Charlotte

This year we will be, again, taking part in Christmas Jumper Day in aid of 'Save the Children' on Friday 14th December 2018. Everyone is invited to wear a Christmas Jumper and to make a suggested donation of £1.

Physical Education Stars of the Week

W/E 30th November 2018

Edi - Kestrels

Kobie - Year 7

Joshua - Year 8

Callum - Year 9

Noah - Year 11

Excellent sportsmanship and contributions in class

We think very highly of the school and are very pleased to see our son making progress. The residential placement is excellent at helping him achieve independence.

Residential Frank Manning

At the start of the week, the residential staff asked Oliver to think about and then plan an evening meal. Staff gave Oliver a fixed budget and he needed to be mindful of the ingredients that were available in the Phoenix House residential kitchen. This would save Oliver from spending money on basic food items that are available in the kitchen. Oliver enjoyed preparing himself a meat-free cheeseburger meal, with a side of crispy onion rings. Oliver was very pleased with his meal and he cleared his plate.

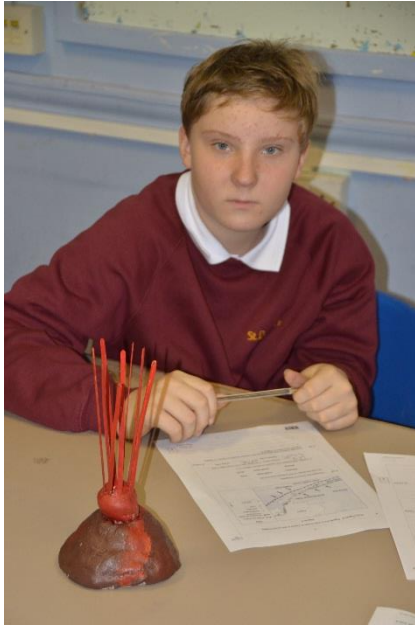

On Tuesday evening, Adam and Patrick went to the Broadwater Park Golf Club. The two pupils enjoyed testing their driving skills at the all-weather, floodlit range. This activity is great for money skills, verbal communication, hand-eye coordination, core strength and posture. Most importantly, it is also great for having fun. Pupils enjoyed seeing who could hit a golf ball the furthest.

Education

Niki Wilson

Pupils in 9-2 have completed painting their volcanoes as part of the natural hazards topic. They have worked hard on making their Vesuvius and next week we shall be making plaster of Paris models as part of Pompeii.

St. Dominic's School - Social Communication Programme

A CHANCE TO CHOOSE

The target is to support the process of making choices.

Facts regarding ASD

- Pupils with ASD often find the concept of choices difficult
- Open-ended activities or being given too many choices can be over-whelming
- They may struggle to make a decision because they cannot always predict what the outcome of each decision will be and therefore are unsure of the right choice to make
- They need to understand the expectation regarding the quality and quantity of the task and information needs to be explicit in simple unambiguous language
- They may need to see examples of possible outcomes.

Suggested Script

- You have a chance to choose. You could either draw a picture or make a model.

Hints and Tips

- Offer weighted choices where one option has a clear and positive outcome
- Where possible, narrow choices down to two options. Reiterate that simple choices can be straightforward and may not have significant consequences.

Menu for week beginning Monday 3rd December 2018

MENU	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
Soup	Home Made Soup	Home Made Soup	Home Made Soup	Home Made Soup	Home Made Soup
