

Sport Premium Report Academic Year 2018-19

Having gained the Silver Quality Mark from the Youth Sports Trust means we can have a wider range of CPD opportunities for staff working in the Physical Education Department. Furthermore, we can develop other key members of staff within the school setting to have a greater understanding of Physical Education and to gain an understanding of what it means for pupils to be physically literate. The school has access to online resources giving examples and ideas of best practice in Physical Education. Additionally, the school receives consultancy visits from the Youth Sports Trust to advise and ensure best practice is delivered. The membership allows us a place at the Youth Sport National Conference, giving further CPD development for staff.

How much money did the school expect to receive?

16,000, plus 10 per pupil. There were 21 pupils on role at the beginning of the year
16210 total

How will the Sports Premium funding be utilised?
